BAND STORY

"

Born in **1983** I started playing the keyboard at 8 and guitar at 13. I don't have a favorite musical genre, since I change my tastes everyday...today rock, tomorrow funk and so on...I like alot **Jazz/rock**, which I discovered when I was very young 😊 My nostalgic nature, leads me to appreciate and to "live" music from the **'70s and '80s** . I get into those years and I can feel the atmosphere, forgetting the new modern sounds- lately I've been experimenting electronic music, thanx to various synths, keyboards and softwares. Besides this, The instruments that I love to use in my compositions, are **Rhodes Piano and Bass**. ...they make me dream and dig into my soul !! :) I composed personally my tracks and I hope you will like them. My mainly influences are **Jazz and funk** and I like to compose strong **bass lines** as I'm very groovy inside 😊 My purpose is to communicate with people through my music or art, 'cuz it is the powerful tool the life gave us. . I have nothing else to add, just a "thank you" to everyone who will visit this space :-)) 😊

IMW Family

Ok, I'm not great with words, infact I express myself with music (as best as I can), but I would like to say a big Thank you to everyone I met here...First of all Thank you to Walt and Sharon. I feel the friendship, the sympathy the support, thru the reviews and comments on profiles..its a great atmosphere, I'm very glad to be here with all of you. I found very good people, probably the greatest on all the web 😊 Unfortunately due to time zone difference, I can hardly be on chatroom with all of you, but this is not impossible! infact I will try my best next time. thank you to Dustin , Rob, Paul, Pascal, Carol, Ed, Thomas...and so many others who have been always very gentle to me. there is no more to add...everyone else said it all already... IMW is the real big family of musicians!! 😊

cheers,

MARY.

I'm new!! :D

Ok, I joined recently and I like this site...but....too many things to do : add friends, add music, add favorites...omg.. I'm in so many sites, so I'm trying to manage all this in a proper way!! :)

beside this, I like the music project built in this place! I will visit as often as I can!! Thank you everyone for your welcome!! :)
