Stoneman is a graduate of Diablo Valley College's prestigious music industry studies program. While maintaining a 4.0 GPA he earned academic credentials in both Music Industry Studies and Recording arts. However, Stoneman is no new comer to the music industry as he has been working as a producer, Songwriter, performer and Recording Engineer for 40+ years.

As a songwriter Stoneman has written hundreds of songs in 12 musical genres. To date, Stoneman has had 53 songs signed to a variety of European and Domestic Publishers and 48 commercial releases. He has also produced and released 6 solo CD's on his own label "Hands Up Records".

As a producer Stoneman has recorded and produced hundreds of songs in 12 musical genres. He is proficient in a variety of production software including Pro Tools, Pro Logic, Cubase, Reason, Izotope, Harbal, Recycle, Rebirth, Soundforge, Sonar, and a host of other production and mastering software. He is also proficient in a variety of hardware consoles, Digital Recorders and an assortment of rack mount gear.

Stoneman has been performing in the music industry for over 40+ years or since the tender age of 9. His primary performance skills are keyboards and vocals. He has been the lead vocalist for 20+ bands in 5 genres of music and has toured all over California and the United States.

What makes Stoneman so unique is the fact that he is versatile and accomplished in many facets of music. He has been a music industry executive (general Manager Almaden Valley Music/ASCAP 1994-1996) and a performer which gives him special insight into all facets of the industry. His music is still current and in sync with today's styles and genres. He has collaborated with countless musicians from all over the world.
