Demo of new song I'm working on up now...

I put a demo of the song "Time's Up" up on my page. Right now the song has no bass or vocal tracks, but I should have them on and have the song completed this weekend or by the end of next week at the latest. I would appreciate any feedback on the song. I haven't played any slide guitar in a couple of years, so it took me a while to get back into the swing of it. I hope everyone likes how it sounds so far...
