BAND STORY

"

In July 2009 something special happened. I watched the YouTube video "Coming down" from Galt Aureus. This moment was the start for my inspirations to do music myself. It was the longing wish to feel, what this musician could feel while doing music. Yes. Now I know it. I went across these door and never will go back. Then my first song followed called "In the matter of passion". That's the reason of my beginning –in the matter of passion. Some collaborations followed. I started with playing keyboard and singing. Now I make a singing education in a professional music school.

Last year my musician mate Peter Tamdog found on his hard drive an old instrumental from 1993 and donated that to me. I fall in love with this old piece of music and so I created the song lyrics and a melody to that. As long I'm not the perfect mastering queen. He offer me to master it. But his health hadn't made the bill with us. So my Mom, Serious-Music Germany offer herself to make the mastering of this song. Luigi Sensi is the man with the guitar :) He made the song perfect. I thank you all, that this piece of music can be alive now. We all had much fun to do it. Thank you for that wonderful teamwork and I hope so much, that Peter will come back soon again.
