BAND STORY

"

Frank Diana Frank composes, arranges, produces and provides lead and background vocals on "The View." Frank is the driving force behind our music. Although Frank grew up loving music, he never invested in a music education. Eight years ago, he decided to apply himself to music in the same manner that made him successful in the business world. The result was a deep understanding of music composition, arrangement, mixing, and overall production. All the music on "The View" was created by Frank in a digital environment. Armando Diana Armando is a lyricist on "The View" and has published a book of poetry called "A Discussion With Life" as well as appearing in numerous anthologies. An accomplished freelance writer, Armando has published more than 3,000 newspaper articles, 400 magazine articles, more than 100 satirical essays, plays, and short stories. He is currently working on a musical based on the "The View" CD. Throughout his writing career Armando has won numerous poetry contests and awards for excellence in writing.
